it's only delusional until it works

Welcome to Doctor Sax House

We built this space in the Berkshires because we felt something was missing—a destination made for lingering. A place to savor a cocktail by the fire, to unwind on a perfect summer afternoon, and to simply enjoy being here. At Doctor Sax House, we exist to create joy and we are so happy you're here.

About Doctor Sax House

Named after one of Jack Kerouac's lesser-known fables, Doctor Sax House was built for great nights. Tucked inside a restored 1880s mansion, we're a nine-room boutique hotel where stories unfold over martinis, good music, and late-night laughter. We love hosting our guests and creating special experiences you can only have in the Berkshires.

About dulu, Restaurant & Bar

Inspired by being a little delusional and by Kerouac's pen name "Jack Duluoz," dulu, our restaurant and bar, leans into the beauty of the Berkshires, farm-to-table ingredients, Persian influences, classic cocktails, and house specials. Settle in, sip something good, and make yourself at home. Nights here have a way of getting fun.
